Your pet relies on you for

FOOD: Choose food that is nutritionally complete for your pet.

Don't rely on "people food".
Ask your veterinarian for advise.

WATER: Make sure your pet has plenty of fresh & clean water. Change it twice a day.

SHELTER: Must be waterproof with at least three sides & a roof and large enough for your pet to be comfortable. Must be shaded and clean. Remember, this is your pets home.

HEALTH CARE: Find a veterinarian you can trust like your family doctor. Take your pet in for regular checks ups and be sure to have them inoculated to prevent diseases. Groom your pet on a regular basis.

A CLEAN PET

IS A HAPPY PET

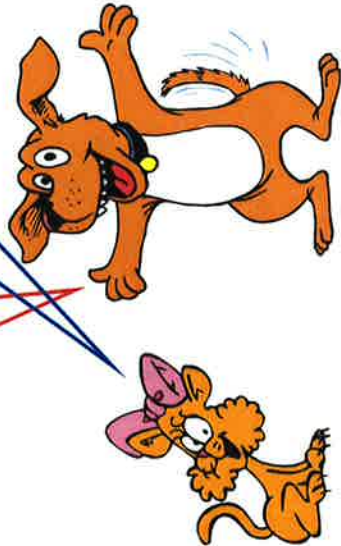

Ordinance 7-5 Care & Maintenance

Remember you must keep your yard and pet clean.

Keeping your yard clean is good for the health of you and your pet.

Having a clean home is also great for your community.

**AND PLEASE
NEVER LEAVE
YOUR PET
ALONE IN A CAR**

Pet owners must provide their pets with food, water, shelter and necessary medical attention. A shelter shall be shaded during warm weather months. Every owner of domesticated animals should be aware that animal defecation is prohibited on public property as well as excessive waste accumulation on their own property.
